Very low prices.

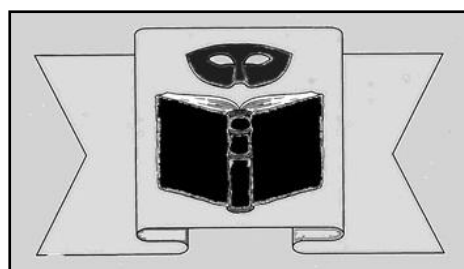

A wide selection of fiction
and non-fiction books for
adults and children from
only 10p; also CDs, DVDs
and delicious cakes!

*This year, our usual good selection is augmented by a fascinating assortment of books from the personal collection of the late **Ray Gosling**, kindly donated by his sister.*

**Once again,
Gedling's only
second-hand
bookshop appears
as if by magic for
3 days!**

You may have seen us at events and festivals, but we can only get a small fraction of our books into a VW Polo - even with a roof box. Our September Sale is your only chance to browse our entire stock. We have far too much to be able to set it all out at the beginning, so will be topping up during the sale.

Discarded books rescued and
sold for charity.
